Mr. R. Brandon Palmer
Garrett Electronics, Inc.
1881 West State Street
Garland, TX 75042

Dear Mr. Palmer:

This is in response to your recent inquiry about the Transportation Security Administration (TSA) Enhanced Metal Detector (EMD) program. Garrett Electronics, Incorporated, doing business as Garrett Metal Detectors, is one of the three manufacturers under TSA contract to provide EMDs for airport checkpoint screening operations. Garrett model PD6500i is currently procured under TSA contract DTSA20-03-A-00924.

If you have any further questions regarding the participation of Garrett Electronics in the TSA EMD program, please contact me at (703) 796-7125.

Sincerely,

A handwritten signature in cursive script that reads "Jamie Thompson".

Jamie Thompson
Contracting Officer
